Notice of price revision (price increase)

I hope this letter finds you well. I'm writing in regard to the price revision.

Due to the recent surge in procurement costs for raw materials, various components, rent, and labor costs in the international market, it has become increasingly difficult to maintain our current pricing for semiconductor process services.

Therefore, we regret to inform you that we will be revising our service prices as outlined below, effective from orders placed on or after September 2024.

Thank you for your time and consideration.

Sincerely,

Details
